Strange to relate out of all this apparent chaos there seems to be light ahead, which keeps moving on and on, but, like a mirage, can never be reached. You will understand my writing as you read on. The tables are turned now and a vertain person, a gentleman, Mr. Rehbein (No. 4) by name, seems to be just as much in love with me, if we can believe facts and ovidence, as I was with Mr. Barrell, He has called every night that I would allow him to, since we met and has spent a great deal of money. He is a governor of the Rowing Chib here in New Rochelle, and manager of the firm of Jewett & Co., Wall street brokers. But the funniest part of it all is that is entirely on his side, and I am about the professional.
